# From the Principal's desk

## **Do you have a Concern?**

Do you have a concern and you not sure how to raise it? **Clarify the issue:** be clear about the topic or issue that you want to discuss, focus on things that are genuinely affecting your child, always remain calm and remember you may not have all of the facts relating to the circumstances of the topic or issue you wish to discuss, think about what would be an acceptable outcome for you and your child, be informed and check DET policies or guidelines (where relevant).

**Contact the school:** Firstly, write a note to **your child's teacher** outlining your concern, make an appointment to speak on the phone or in person with the class teacher—ensure that you inform the school about the issue you wish to discuss, consider speaking to the Primary Welfare Officer—if you feel this would be appropriate. The class teacher together with others involved, should be given a reasonable amount of time to take the steps required to resolve or address your concerns. Remember, it may not always be possible to resolve an issue to your complete satisfaction.

## **Contact a member of the Principal Class:**

Most concerns are resolved by following those steps already outlined. However, if the issue remains unresolved after you have approached your child's teacher then please ensure **you contact the office and make an appointment to see a Principal Class member.**

## **Contact the Regional Office:**

After meeting with the Principal, if you feel your complaint has not been addressed satisfactorily you can contact the relevant regional office. The regional office's responsibility is to ensure that complaints, wherever possible, are resolved at the school level and to ensure that procedures at the school are in accordance with the DET regulatory framework.

Please feel free to contact me via phone, email or in person.

# From the Principal's desk

## **35+ Nights Reading - Term 2 goal**

This term our goal is that students log 35+ nights reading since the start of the year. Reading on the weekend and over holidays count! Help your child achieve this goal by ensuring they log their nights reading in their reading log or diary.

## **Planning Week**

Please be advised that from 14th-17th June, all teachers will participate in a planning day for their year level. Each team is allocated one day where they meet together and develop the scaffolding for their term 3 planning. During this week it means that normal specialist programs do not operate at their normal timetable.

## **Premiers' Reading Challenge**

Don't forget to log books in the Victorian Premiers' Reading Challenge. Instructions on how to this are located further on in the newsletter. Your child's teacher will have sent home the your child's log in details.

The end of term is approaching fast. **Students will finish term 2 on Friday 24th June at 2:30pm.** If you are unable to collect your child/ren at this time, please ensure that you make alternate arrangements for their care.

## Camps, Sports, Excursion Fund (CSEF) \$\$\$\$

The applicant must be one of the following on the first day of Term 1 (31 January 2022) or Term 2 (26 April 2022):

- a parent or carer who is the beneficiary of a financially means-tested card – please refer for the list of eligible cards [Camps, Sports and Excursions Fund \(CSEF\): Eligibility | education.vic.gov.au](#)
- a temporary foster carer

Parents who receive a carer allowance on behalf of a student, or any other benefit or allowance not income tested by Centrelink, are not eligible for the CSEF payment unless they also meet the above eligibility criterion.

Payments for 2022 are: \$125 per year for eligible primary school students.

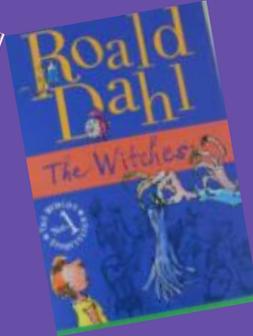

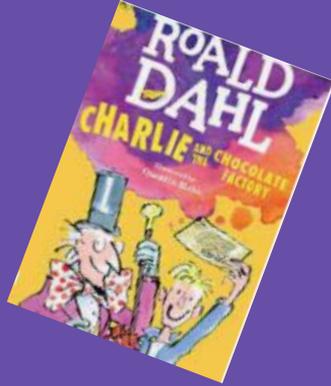

The Camps, Sports and Excursions Fund (CSEF) provides payments for eligible students to attend activities like: school camps or trips, swimming and school-organised sport programs, outdoor education programs, excursions and incursions.

The CSEF payment cannot be used towards: books, stationery, school uniforms, before or after school care, music lessons, or formals or graduations.

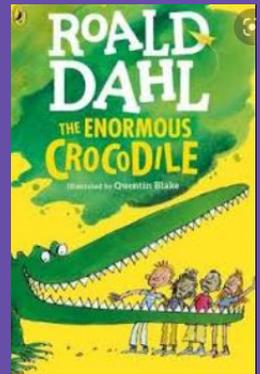

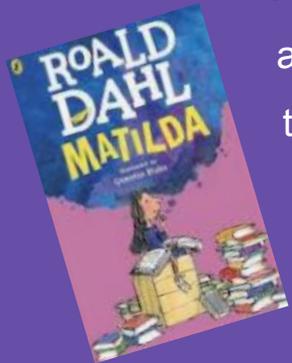

Prep students in government schools who are eligible for CSEF will receive financial help with the cost of school uniforms.

Families who received CSEF funds in 2021 do not need to apply again unless your circumstances have changed or you have moved schools. **New students to Melton Primary must apply.** Application forms are available from the office. **Application forms should be completed and lodged as soon as possible, with schools accepting them until 24th June 2022.** Payments are made from March if applications are received by 28th February. However schools will be able to accept and process applications up until the end of term two each year. If you have not yet received a form and believe that you are eligible for this benefit, please contact the office.

# One of my favourite authors by Mrs McMahon

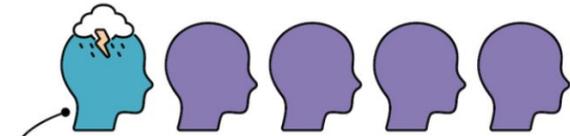

Roald Dahl is an author loved across many generations. His books and film adaptations are incredibly popular worldwide. Children and adults alike are transfixed by his likeable characters, who become unlikely heroes, terrible villains, imaginative, humourous and sometimes terrifying tales. And, of course everyone loves the nonsensical language this creative author invented. Reading Roald Dahl books is simply scrumdiddlyumptious!

In my last newsletter piece I explained all about mental health literacy and how it relates to all. I have put the explanation about child mental health literacy in again as it is important for adults to understand mental health for children. There is a lot of information, statistics and support out there for adolescent mental health but we are now learning more about the importance of addressing mental health concerns when we first start seeing them in children.

## WHAT IS CHILD MENTAL HEALTH LITERACY?

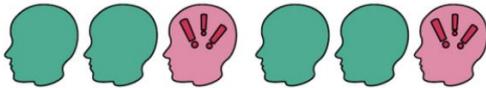

'Child mental health literacy' (CMHL) refers to adult knowledge and beliefs about mental health problems for children under 12 years of age.

Research tells us that **one in five adults will experience mental ill-health each year.**

75% of these people will have their first experience of mental illness when they are under the age of 25 years.

Recent data from a **headspace national survey** found that one-in-three young people aged 12-25 years old reported high or very high levels of psychological distress — a rate that has more than tripled since 2007.

**Mental health disorders carry the largest burden of disease for 15-24 year olds** and shockingly, suicide is the most common cause of death for this age group.

**One in four adolescents will experience mental health problems** this year and nearly two thirds of them will not seek help.

Alarming, **one in seven** primary school students are also likely to experience mental health problems this year.

According to the **World Health Organization (WHO)**, half of all mental illness begins by the age of 14.

## Library

It's coming to the close of term, it would be greatly appreciated if all school books could please be returned.

Loss of books costs the Library thousands of dollars every year, so if you could please do a search around the house, under the beds, on top of the fridge and any other place they may be hiding!

If you are cleaning out your bookshelf please do think about donating any age appropriate books to our library.

Have a great break and remember to keep on reading!
