Traditionally there has been a strong emphasis on the areas of Literacy and Numeracy and this is reflected in student success rates at secondary feeder schools.

Specialist teachers are provided in the important areas of Auslan/Art, Library, Physical Education and STEAM. As well as this we have appointed school based coaches in numeracy and literacy.

Educational programs are reviewed on an annual basis to allow for changing trends and increasing technology to ensure individual needs of students are met.

Our caring and dedicated staff members work closely with the wider school community to develop an educational partnership with and for the children. Parents are actively encouraged to participate in both classroom and wider school activities.

## **WHOLE SCHOOL PREVENTION STATEMENT**

### **OUR AIMS**

Melton Primary School aims to foster a safe, secure and supportive environment for the successful learning and personal growth of our students. Our school promotes responsible behaviour and emphasises and anticipates the implementation of our whole school agreed behaviours - safety, respect, support and active learning. As a school that acknowledges the importance of mental health and wellbeing we have implemented new initiatives through the Berry Street Program. We recognise the central role that parents and carers play in the lives of their children and encourage effective working relationships between school staff,

parents and carers as well as the broader community; ultimately we aim to improve children's mental health and wellbeing.

Our policy has been formulated based on the underlying principles of respect, co-operation and fairness. We promote the basic fundamental belief that **we have the right to be safe and the right to learn at school**. Our intention is to encourage the development of positive relationships amongst all members of our school community; to develop high levels of individual and whole school self-esteem and encourage and reward appropriate social behaviour. We aim to develop and support responsible behaviour that acknowledges and protects mutual rights of staff, students and parents.

This is ensured by:-

Mental health and social, emotional and behavioural development.

- Presenting a formal Social and Emotional Learning Curriculum in line with the Berry Street Initiative.
- Presenting a curriculum that provides for the learning needs of all students.
- Promoting a happy, *cooperative* atmosphere in the school community.
- Creating an understanding among staff, students and parents about bullying and its prevention.
- Procedures which seek to develop in students a sense of communal responsibility - encouraging each other to make the right choices that will ensure our rights to learn and be safe at school.
- Procedures which seek to develop in students an *acceptance of responsibility for their behaviour*, particularly as it impacts on other people's rights.
- Clearly stated *expected behavior* through the use of the agreed school behaviours and the **consistent** use of *consequences*.
- Implementing a positive, *problem solving approach* to assist students to develop self-discipline and individual responsibility for behaviour and to provide children with *strategies* for conflict resolution.
- Assisting students to develop a respect for the rights of others and a realisation of the relationship between Rights, Responsibilities, Action and Consequences.

The inclusion of pro - social programs and procedures as part of our curriculum; namely

- A variety of lunchtime Clubs including; Library and Gardening Clubs
- MPS Cyber Smart Policy and Digital License Program (*refer to end of current policy*)

  - provide positive reinforcement in the form of tangible rewards such as stickers, certificates and awards.

A Whole School Approach to Behaviour Management incorporating classroom and playground plans which ensure fairness and consistency. Teachers and students are expected to be advocates of the agreed school behaviours. Good teaching practice will assist in the area of welfare and discipline. To this end, it is essential that the relevant teacher take a major role in the solution of the problem at hand.

#### **Classroom 'Agreed Behaviours and Responsibilities' Plans**

- Children are to participate in the establishment of classroom responsibilities and are to be well informed of consequences should agreements be broken.
- Classroom plans will be consistent with the whole school approach, taking into account current DET Guidelines for 'Student Code of Conduct'.

#### **Playground Behaviour Management Plan**

- Students need to be aware of all rules and of consequences should the rules be broken. The connection between the behaviour and the consequences is logical; taking into account the age of the student and the nature of the seriousness of his/her behaviour.
- The Playground Behaviour Management Agreement will be displayed at various points throughout the school for immediate consultation and clarification. When a consequence is being given, the student involved will be reminded of the rule that has been broken and the agreed consequence for doing so.

1. Empowering students to be involved in school decision making and student leadership activities.
2. Parents, staff and students *working together* in the behaviour management process to benefit all. It is expected that parents and carers support staff in the implementation of logical consequences, understanding that the decision has been made in accordance with our policy guide.
3. Fostering pride toward the school and its environment.
4. Encouraging acceptable behaviour focusing on the action not the individual.
5. Celebrating, respecting and acknowledging cultural differences in our school population.
6. Encouraging our school Agreed Behaviours; sharing, tolerance and compassion amongst all students.

## **DISCIPLINE**

**Exclusion from Playground – Time Out Room** (formerly 'severe clause')

**Time Out Room Procedure:**

- \* When a student is given a Time Out for inappropriate behaviour in the playground, the yard duty teacher will issue the student with a card stating the student's name, grade and a description of the incident.
- \* The child will go immediately to the Time Out room, where a rostered teacher will be on duty.
- \* Once inside the Time Out room the rostered teacher will record the details in the Time Out book.
- \* Discuss the agreed behaviours with the student- what have they done wrong? What should they have been doing?
- \* A note explaining the incident will be posted home to parents/carers.
- \* The Time Out Room is located in the community space, adjacent to the library. Supervised exclusion from the playground is for a period of half of the recess session – 22 minutes at lunch time/15 minutes at morning recess. The student must complete more than half of the allocated time or the remainder of the time will be carried over to the next session.
- \* If the student refuses to comply with Time Out i.e. refuses to come inside and/or is disruptive despite reasonable requests during Time Out, another Time Out will be issued and parents will be informed.
- \* Two or more Time Out sessions in one week: Notify the Principal/Assistant Principal who will contact parents to discuss.

### **Suspension from School**

If a deliberate act was considered seriously inappropriate the principal will use her/his discretion to suspend immediately. A meeting with parents/carers would be arranged.

**Immediate Suspension:** Immediate suspension can be given for any of the following clauses/or when previous intervention has been provided but students still don't follow given instructions.

1. Threatening or endangering the health, safety or wellbeing of others.
2. Committing an act of significant violence against a person or property or being knowingly involved in the theft of property.
3. Swearing at a staff member.
4. Failing to comply with a reasonable and clearly communicated instruction of a principal, teacher or other staff member.
5. Consistently behaving in a manner that interferes with the wellbeing, safety or educational opportunities of any other student.
6. Consistently engaging in behaviour that vilifies, defames, degrades or humiliates another person.
7. Possessing, using or assisting another person to use prohibited drugs or substances.

NB: If consequences have been issued for previous misbehaviour and the behaviour continues or worsens, a case by case suspension is considered as an ultimate consequence.

## Sample Classroom Behaviour Management Plan (Foundation)

Dear Parents/Caregivers,

Your child deserves the best possible educational climate for his or her growth and together we can make a difference in this process. To this end, the children and I have developed a classroom behaviour management plan that provides guidance for every student to make good, responsible decisions about his or her behaviour and thus an opportunity to learn in a positive, safe and happy classroom environment. Your child is also involved in the specialist programs of Science, Learning Technologies, Visual Arts and Physical Education. During these sessions teachers will also develop a similar discipline plan with some rights and responsibilities specific to each specialist area. This plan outlines our classroom rights and responsibilities.

## AGREED BEHAVIOURS

### CLASSROOM RESPONSIBILITIES:

As a class, the children made a list of some of the responsible behaviours that ensure that everyone's rights can be observed and each child has agreed to demonstrate these within the classroom. The children understand that our list does not include *all* of the responsible behaviours, as the list is infinite.

The following are the responsibilities that the children decided were the most important:

- Sit with our legs crossed and hands in our laps.
- Help others if they are hurt, upset or having trouble with set work.
- Look after our belongings and pack them away when finished.
- Listen carefully to the teacher and others in the classroom.
- Be nice to others and always use our manners.
- Wait your turn to talk – don't talk over others.
- Ask the teacher when you need to leave the room.
- Use our quiet voices when inside and walk in the classroom.

The full list of responsibilities discussed by the children is displayed in our classroom for us all to see.

To encourage students to be responsible and allow all students their rights, we positively recognise appropriate behaviour. However if a student chooses not to fulfil his/her classroom responsibilities and therefore acts in a manner which interferes with the classroom rights of others then the following consequences will occur:-

### CONSEQUENCES:

- First Time: A verbal warning and reminding students of our Rights and Responsibilities.
- Second Time: A second verbal warning and student name moved to the 'yellow face' (think about your behaviour).
- Third Time: Student moved away from group and asked to spend 5 minutes calming down and refocusing their attention.
- Fourth Time: Removal from class and name moved to 'purple face' (negative behaviour).

Fifth Time: Lunchtime or Afterschool Detention.

**SEVERE CLAUSE:** Red Card sent to office. Child removed from the classroom and an afterschool detention will be given. Parents will be notified and a meeting arranged.

**POSITIVE CONSEQUENCES WHEN STUDENTS FOLLOW THE CLASS RIGHTS & RESPONSIBILITIES:**

- Stickers
- Praise
- Awards and certificates
- Reward charts
- 'Free Time' for a few minutes
- Prizes

Please ask your child to review this classroom plan with you and then sign and return the form below as soon as possible. Please don't hesitate to contact me if you have any questions regarding this plan. Thank you for your cooperation.
